Behavioral Health Division

2006 PROVIDER APPLICATION
Recovery Support Services
Alcohol and Other Drug Abuse Services Provider Network

Issued May 2006

Date: May 1, 2006

To: Interested Parties

From: Paul Radomski, Director, Community Services Branch, Milwaukee County Behavioral Health Division

Subject: Invitation to Submit Applications to Participate in AODA Services Provider Network

In March of 2004 the federal Substance Abuse and Mental Health Services Administration (SAMHSA) announced the availability of Access to Recovery (ATR), a \$100 million discretionary grant program for states to provide people seeking drug and alcohol treatment with vouchers to pay for a range of appropriate community-based services. On June 3, 2004, the State of Wisconsin received an ATR grant from SAMHSA, in the amount of \$22.8 million over three years to implement the Wisconsin Supports Everyone's Recovery Choice (WIsler Choice) program in Milwaukee County.

WIsler Choice will serve people from 1) the general population, with a special emphasis on 2) families with children, and 3) a criminal justice population: a) inmates that are reentering the Milwaukee community from prison and b) offenders on probation or parole supervision who are facing revocation proceedings and imprisonment, and who can be safely supervised in the community while benefiting from AODA treatment and recovery support services as an alternative to revocation. WIsler Choice will improve outcomes of service delivery through:

- The enhancement and expansion of the Milwaukee Central Intake System to improve initial engagement, access, assessment and treatment retention.
- The provision of recovery support services in addition to treatment, thus addressing needs that are directly related to substance abuse, thereby achieving better outcomes.
- Identification and development of an expanded provider network (including a focused outreach to the faith-based community.)
- Development of a comprehensive continuum of low/no cost natural supports in the community to help sustain recovery, including organizing faith congregations to provide such resources as mentors, employment opportunities, housing, child care and transportation.
- The fostering of genuine, free and independent client choice by making available "Provider Profiles" that include "Provider Score Cards."
- Establishment of a data-driven results-oriented management system to monitor and improve outcomes.

BHD is inviting providers (including faith-based providers) who wish to provide Recovery Support Services to the target population to submit applications to join the AODA Services Provider Network. BHD is seeking to develop a continuum of services that support the recovery of persons with substance use and/or co-occurring mental health disorders. Services to be provided by the network include AODA clinical treatment as well as non-clinical services supporting recovery such as transportation, child care, pre-employment education/training, parenting assistance, life skills training and housing. The application also invites respondents to propose additional services that support recovery.

For additional information regarding the RFA process, please contact Rochelle Landingham at (414) 257-7337.

Please prepare your original application and three (3) copies. Mail or deliver to:

A. INTRODUCTION

PURPOSE OF THIS APPLICATION

The Milwaukee County Behavioral Health Division (BHD) is inviting providers (including faith-based providers) who wish to provide **Recovery Support Services (RSS) for Alcohol & Other Drug Abuse (AODA)** to the target population to submit applications to join the AODA Services Provider Network. **This includes both clinical treatment and ancillary support services.** BHD is seeking to develop a continuum of services that support the recovery of persons with substance use and/or co-occurring mental health disorders. Services to be provided by the network include AODA clinical treatment as well as non-clinical services supporting recovery such as transportation, child care, pre-employment education/training, parenting assistance, life skills training and housing.

VISION STATEMENT AND VALUES MILWAUKEE COUNTY BEHAVIORAL HEALTH DIVISION

Vision Statement

The Milwaukee County Behavioral Health Division will be a premier system of mental health and alcohol and other drug abuse disorders in the State of Wisconsin. It will ensure that individuals and families who have behavioral health needs strive to function at optimal levels of physical and mental health and that they are full and equal members of the community. As such, the Division shall provide individuals who have behavioral health needs the support and means to pursue success in the ways they choose to live, learn, love, work and play because:

Our vision is for a behavioral health system that recognizes the partnership with clients, providers and the community and the accountability to its stakeholders for the effective development and efficient use of resources.

Our vision is for a recovery oriented behavioral health system that focuses on the rebuilding of full productive lives for children, adults and their families, and supports a full spectrum of services including primary prevention and early intervention.

Our vision is for a behavioral health system that attracts, retains, and supports employees/other service providers who are competent and provide excellent quality, culturally and linguistically relevant behavioral health treatment and support services.

Our vision is for a behavioral health system that acknowledges the abundance and limitations of our human and financial resources and commits to responsible stewardship of its resources.

Our vision is for clients and families to be equal stakeholders in service system governance, planning and delivery.

Our vision is for a behavioral health system where every client has access to strengths-based, individualized and integrated services that promote health and recovery.

Our vision is for a behavioral health system where cultural, ethnic and providers and clients value socioeconomic diversity.

Our vision is for a behavioral health system where strategies to eradicate stigma, including education of clients, family members, providers and the Milwaukee County community, are implemented and effective.

Our vision is for behavioral health services and supports to be community based and not institution based; when residential treatment or hospitalization is accessed, those services will be used as resources and not as placements.

Our vision is for a behavioral health system that can measure its success in the care of children and adults by establishing and producing clear, quantifiable outcomes.

MISSION STATEMENT

“The Milwaukee County Behavioral Health Division: For the empowerment and recovery of all with mental health and substance abuse treatment needs in our community.”

ALCOHOL & OTHER DRUG ABUSE SERVICES: CORE VALUES

In 1999, as a response to the large number of families who were involved in the welfare reform, child welfare, and AODA/Mental Health Treatment systems, the Wisconsin Department of Health and Family Services (DHFS) and the Wisconsin Department of Workforce Development (DWD), in collaboration with the Milwaukee County Department of Health and Human Services (DHHS), launched the Milwaukee Family Services Coordination Initiative (MFSCI). The impetus for the year-long (October 1, 1999 – September 30, 2000) Initiative was the realization that the multiple needs of these families were not being adequately addressed, at least in part due to the lack of coordination among the systems with which they were involved (The Management Group, 2000). The intent of MFSCI was to fundamentally transform the manner in which services have traditionally been delivered by reducing barriers for families involved in multiple systems. The premise of the Initiative was that outcomes for families could be improved through cross-system coordination, provision of wraparound philosophy of care and services, development of networks of formal and informal supports, utilizing a family centered strength-based, gender/culturally-responsive approach.

The Steering Committee for the project included clients, representative from the Governor's Office, key administrators from DHFS, DWD, the Department of Corrections, and the Medicaid HMOs; the Director of Milwaukee County DHS; and the Milwaukee County Board Chair. The Initiative outlined a set of **core values**, developed through a series of focus groups that included participation by clients, and system representatives at various levels of authority to use as guidelines for service delivery for families and to promote improved outcomes. BHD has adopted these core values.

- A. Family-Centered: A family-centered approach means that families are a family of choice defined by the clients themselves. A family may include extended family members, significant others, or persons who function as natural supports in the context of that family. A family may include a non-custodial parent. Families are treated with dignity and respect, regarded as a resource in the treatment process, assisted to build on identified strengths to enhance control and independence, and valued as participants in all aspects of planning and evaluating the service delivery process. The goal of a family-centered team and system is to move away from the focus of a single client represented in systems, to a focus on the functioning, safety, and well being of the family as a whole.
- B. Client Involvement: The client's involvement in the process is empowering and increases the likelihood of cooperation, ownership, and success. Clients and their families are viewed as full and meaningful partners in all aspects of the decision making process affecting their lives including decisions made about their service plans.
- C. Builds on Natural and Community Supports: Recognizes and utilizes all resources in our communities creatively and flexibly, including formal and informal supports and service systems. Every attempt should be made to include the client's family, relatives, neighbors, friends, faith community, co-workers or anyone the client would like to include in the team process. Ultimately families will be empowered and have developed a network of informal, natural, and community supports so that formal system involvement is reduced or not needed at all.
- D. Strength-Based: Strength-based planning builds on the clients and their families unique qualities and identified strengths that can then be used to support strategies to meet their needs. Strengths should also be found in clients' environment through their informal support networks as well as in attitudes, values, skills, abilities, preferences and aspirations. Strengths are expected to emerge, be clarified and change over time as clients and families' initial needs are met and new needs emerge with strategies discussed and implemented.
- E. Unconditional Care: Means that we care for clients and their families, not that we will care "if." It means that it is the responsibility of the Recovery Team to adapt to the needs of the client - not of the client to

adapt to the needs of a program. We will coordinate services and supports for the client and family that we would hope would be done for us. If difficulties arise, the individualized services and supports change to meet the needs of clients and their families.

- F. Collaboration Across Systems: An interactive process in which people with diverse expertise, along with clients and their families, generate solutions to mutually defined needs and goals building on identified strengths. All systems working with the client have an understanding of each other's programs and a commitment and willingness to work together to assist the clients and their families to obtain their goals. The substance abuse, mental health, child welfare, and other identified systems collaborate and coordinate a single system of care for families involved within their services.
- G. Team Approach Across Agencies: A Recovery Team consists of a group of people, in addition to the client, who represent a blend of formal and informal resources (professionals and other) who make up the client/family support network. The team functions with the client and family in an interactive process to develop a plan, based on client/family strengths, values and preferences that will lead to favorable outcomes. Planning, decision-making, and strategies rely on the strengths, skills, mutual respect, creativity, and flexible resources of the team members.
- H. Ensuring Safety: When child protective services are involved, the team will maintain a focus on child safety. Consideration will be given to whether the identified threats to safety are still in effect, whether the child is being kept safe by the least intrusive means possible, and whether the safety services in place are effectively controlling those threats. When safety concerns are present, a primary goal of the family team is the protection of citizens from crime and the fear of crime. The presence of individuals who are potentially dangerous requires that protection and supervision be sufficiently effective to dispel the fears of the public.
- I. Gender/Age/Culturally Responsive Treatment: Services reflect an understanding of the issues specific to each client's cultural background, gender, age, disability, race, ethnicity, and sexual orientation and reflect support, acceptance, and understanding of cultural and lifestyle diversity. These understandings are then incorporated into the programming. Programs for women must include specific components that address their issues and reflect current research indicating effective treatment components for women, i.e., to include, but not limited to: victimization histories, domestic violence/relationship dynamics, parenting, self-esteem, and educational needs.
- J. Self-sufficiency: Individuals and families will be supported in achieving self-sufficiency in essential life domains, to include family, social, educational, vocational, financial, housing, financial, psychological, emotional and spiritual domains.
- K. Education and Work Focus: Dedication to positive, immediate, and consistent education, employment, and/or employment-related activities which results in resiliency and self-sufficiency, improved quality of life for self, family, and the community. BHD clients who also participate in W-2 should have their AODA treatment indicated on their Employability Plan (EP).
- L. Belief in Growth, Learning and Recovery: Client and family improvement begins by integrating formal and informal supports that instill hope and are dedicated to interacting with individuals with compassion, dignity, and respect. Team members operate from a belief that every client and their family desire change and can take steps toward attaining a productive and self-sufficient life.
- M. Outcome-oriented: From the onset of the family team meetings, levels of personal responsibility and accountability for all team members, both formal and informal supports are discussed, agreed-upon, and maintained. Identified outcomes are understood and shared by all team members. Legal, education, employment, child-safety, and other applicable mandates are considered in developing outcomes, progress is monitored and each team member participates in

defining success. Selected outcomes are standardized, measurable, based on the life of the family and its individual members.

AODA Program Goals

- (1) To achieve improved outcomes by meeting the special needs of eligible individuals and families who experience problems resulting from alcohol or other drug abuse by providing intervention, treatment, and support services that are gender and culturally responsive.
- (2) To target eligible individuals and families who may be involved in several systems in order to develop better ways to coordinate services from multiple service systems.
- (3) To ensure the provision of recovery support services including, but not limited to, parent education, vocational and housing assistance, coordination with other community programs, and treatment under intensive care.
- (4) To develop a system that reinforces the empowerment of individuals and their involvement in the planning, design, implementation, and evaluation of the program, as well as their care plan.
- (5) To identify best practices and provide knowledge dissemination activities and cross training and education to professionals who work with individuals and families and are from different systems in order to achieve positive individual/family outcomes.

It is important that, whenever appropriate, each application demonstrate integration of the above principles and practices into all programs and services provided through these service agreements.

B. BACKGROUND

Merger of Adult Mental Health and AODA Administrative Systems

In December 2001 the Milwaukee County Board of Supervisors passed a resolution that resulted in the administrative merger of public sector Adult Mental Health (MH) and Adult Alcohol and Other Drug (AODA) services. Prior to adoption of this resolution, public sector Adult Mental Health services were the responsibility of the Milwaukee County Mental Health Division, whereas administrative and program management responsibility for public sector substance abuse services belonged to the Adult Services Division of the Department of Human Services.

With the passage of the enabling County Board resolution, the Adult Mental Health Division became the responsible party for both Adult Mental Health and Adult AODA services. Simultaneously, the Mental Health Division, again through a County Board resolution, had its name changed to the Behavioral Health Division to better reflect the merger and its expanded behavioral health responsibilities. These organizational changes became administratively effective on January 1, 2002 and in February (2002) the Adult AODA Services Bureau staff moved to the Mental Health Complex to become part of the Behavioral Health Division Community Services Branch.

Redesign of AODA System

Historically, the administrative, program and service delivery systems for Adult AODA and Adult Mental Health services have been separate, even as it is recognized, both locally and nationally, that many persons in need of treatment from either service system had a co-occurring illness. It is hoped that through the realignment of both Adult AODA and Adult MH services within one County administrative authority, the Behavioral Health Division, that the separateness that each system maintained can be bridged where appropriate. In 2003, the Behavioral Health Division undertook a significant project of redesigning the

public Adult AODA system. In May (2003) the AODA Re-Design Community Coalition was convened as a result of a thorough assessment of the current public Adult AODA system available to clients in Milwaukee County. This group, composed of individuals representing the Adult AODA services provider network, Behavioral Health Division staff and consultants met through the fall of 2004 to analyze the existing system to identify strengths and weaknesses and recommend improvements in each of four main areas: System Access, Service Array, Evaluation/Performance Review and Management Information System. In recent months, Behavioral Health Division data reports point to 50% of the clients who are enrolled in the Adult Mental Health programs are also registered with the Adult AODA system. While more in-depth data analysis is needed, this fact alone calls for the enhancement of the existing system, as well as the development of new approaches, especially as it pertains to the treatment of individuals with multiple diagnoses.

Access to Recovery

In March of 2004 the federal Substance Abuse and Mental Health Services Administration (SAMHSA) announced the availability of Access to Recovery (ATR), a \$100 million discretionary grant program for states to provide people seeking drug and alcohol treatment with vouchers to pay for a range of appropriate community-based services. ATR is characterized by:

- **Client Choice.** The process of recovery is a personal one. Achieving recovery can take many pathways: physical, mental, emotional, or spiritual. With a voucher, people in need of addiction treatment and recovery support will be able to choose the programs and providers that will help them most.
- **Outcome Oriented.** Success will be measured by outcomes, principally abstinence from drugs and alcohol, and including attainment of employment or enrollment in school, no involvement with the criminal justice system, stable housing, social support, access to care, and retention in services.
- **Increased Capacity.** ATR will expand the array of services available including medical detoxification, inpatient and outpatient treatment modalities, residential services, peer support, relapse prevention, case management, and other recovery support services. This expansion of services will occur gradually as the AODA Redesign implementation progresses.

Wiser Choice

On June 3, 2004, the State of Wisconsin submitted its ATR application to SAMHSA, and on August 3, 2004, the State received a notice of grant award from SAMHSA to fund its application for **the Wisconsin Supports Everyone's Recovery Choice (Wiser Choice)** program.

Wiser Choice intends to improve outcomes of service delivery through:

- The enhancement and expansion of the Milwaukee County Behavioral Health Division (BHD) Central Intake System to improve initial engagement, access and treatment retention.
- The provision of ancillary recovery support services in addition to treatment, thus addressing needs that are directly related to substance abuse, thereby achieving better outcomes.
- Identification and development of a broader provider network (including a focused outreach to the faith-based community).
- Development of a comprehensive continuum of low/no cost natural supports in the community to help sustain recovery, including organizing faith congregations to provide such resources as mentors, employment opportunities, housing, child care and transportation.
- The fostering of genuine, free and independent choice by making available "Provider Profiles" that include "Provider Score Cards."
- Establishment of a data-driven, results-oriented management system to monitor and improve outcomes.
- Rewarding results by implementing an innovative system of provider incentives.

- The enhancement of its existing Management Information System so that the bulk of performance and financial indicators and measures will be reported on and maintained electronically. This will enhance accountability of both the provider and the system.

The State of Wisconsin selected Milwaukee County Behavioral Health Division (BHD) to serve as the contracted project management agency for Wiser Choice. BHD will develop and maintain all provider agreements with recovery support services providers. BHD is integrating the Access to Recovery resources and requirements within its entire redesigned AODA services delivery system. As such, successful applicants will be delivering services to clients from the overall BHD treatment population.

The recommendations set forth by the Redesign Project and the requirements of the Access to Recovery grant have impacted the delivery system design as well as the requirements put forth in these guidelines. As the concept and design for the new system mature, corresponding policies, procedures, expectations, goals and objectives will follow along. The guidelines you are about to review are the most up-to-date view of the system and are subject to changes as the Redesign Implementation advances.

C. PROGRAM DESCRIPTION: Recovery Support Services

Client Eligibility

Recovery Support Services can be provided to individuals who:

- Reside in Milwaukee County;
- Are at least 18 years of age (with the exception that pregnant females of any age are eligible);
- Meet diagnostic criteria (as specified by BHD) for a substance use disorder;
- Are part of the target population; and
- Are screened and authorized for services by a BHD Central Intake Unit.
- Clients must be in clinical treatment in order to receive ancillary services.

Target Population

Wiser Choice is targeting two populations:

- 1) The General Population of Milwaukee County.
- 2) Criminal Justice Population:
 - a) incarcerated individuals that are reentering the Milwaukee community from prison and
 - b) persons on probation or parole supervision who are facing revocation proceedings and imprisonment, and who can be safely supervised in the community while benefiting from AODA treatment and recovery support services as an alternative to revocation.

Families with children from both the general and criminal justice populations will be prioritized.

Definition of Recovery Support Services

BHD is seeking to develop a continuum of services that support the recovery of persons with substance use and/or co-occurring mental health disorders. Services to be provided by the network include AODA clinical treatment as well as non-clinical services supporting recovery such as transportation, child care, pre-employment education/training, parenting assistance, life skills training and housing. See Exhibit A for a listing of services that BHD intends to purchase. The application also invites respondents to propose additional services that support recovery. The Behavioral Health Division reserves the right to limit the number of providers for any single service.

AODA clinical treatment includes services to be provided within a specific level of care, as defined by HFS 75 and the American Society of Addiction Medicine. See Exhibit C for a definition of each level of care.

AODA Individual, Group and Family Counseling services will be purchased as a package. A certain number of units will be pre-authorized and agencies will be responsible for provision of a mix of these services at a level that is in agreement with the client's needs, as documented in the treatment plan.

Client Choice of Providers

Clients access Recovery Support Services by going to a BHD-contracted Central Intake Unit, completing an intake process, which includes funding eligibility and treatment appropriateness determination, and a comprehensive screening to identify clinical and other recovery-related needs. All individuals who are referred for clinical treatment will receive a Recovery Support Coordinator (RSC). Under the terms of the Access to Recovery program, SAMHSA requires that clients be ensured "genuine, free and independent choice" of provider for all clinical treatment and recovery support services. For the purposes of the Access to Recovery program, choice is defined as "a client being able to choose from among two or more network providers qualified to render the services needed by the client, among them at least one provider to which the client has no religious objection."

As such, the Central Intake Unit (CIU) will provide to each client at intake a list of Clinical Treatment and Recovery Support Coordination providers from which to choose. The CIU will also assist the client to choose a provider for any ancillary recovery support service needed on an emergency or urgent basis. Any further services needed by the client subsequent to the intake process will be accessed with the help of the Recovery Support Coordinator.

To enhance informed choice, the CIU and Recovery Support Coordinator will make available to the client, for each provider, a Provider Profile that will offer information about the provider's services. (At some point in the future development of the AODA Services System, the Provider Profile will incorporate a Provider Score Card containing information about the provider's performance.)

D. REQUIREMENTS OF AODA SERVICES NETWORK PROVIDERS

- 1. INSURANCE** - As a condition of approval, prospective agencies must provide proof of insurance in the types and limits set forth as follows (Before submitting an application, agencies are asked to consider their financial ability to comply with the insurance requirements):

CERTIFICATE OF LIABILITY INSURANCE:

Article XI of the Fee-for-Service Agreement (which must be entered into by the Vendor and Milwaukee County before services can be provided) requires the vendor to evidence and maintain proof of financial responsibility to cover costs that may arise from claims of tort, statutes, and benefits under Workers' Compensation Laws and/or liability arising from employees. Such evidence shall include insurance coverage for:

- a. Workers' Compensation claims including Employer's Liability (exclusions from coverage: sole provider and independent contractors)
- b. General Liability
- c. Commercial Automobile Liability
- d. Professional Liability as applicable (see chart below)

Note: Start-up companies may provide an Insurance Binder in lieu of a Certificate of Insurance as evidence of financial ability to comply with the below insurance requirements. If approved, the agency must furnish a Certificate of Insurance before approval in the Provider Network.

Type of Coverage	Minimum Limits
Wisconsin Workers' Compensation	Statutory
Employers' Liability	\$100,000/\$500,000/\$100,000
Commercial General Liability Bodily Injury & Property Damage (Includes Personal Injury, Fire, Legal Agreement & Products/ Completed Operations)	\$1,000,000 per occurrence \$1,000,000 – general aggregate
Professional Liability for Medicaid Eligible Services Hospital, Licensed Physician Healthcare provider under Wis. Stats. 655	\$1,000,000 per occurrence \$3,000,000 annual aggregate
Automobile Liability (if transporting children) Bodily Injury & Property Damage All Autos-Owned, Non-Owned And/or Hired Uninsured Motorists	\$1,000,000 per accident Per Wisconsin requirements

Note: Milwaukee County must be named as an additional insured under General Liability, Professional Liability and Automobile Insurance.

2. **STATE LICENSES/CERTIFICATIONS** – See Exhibit B for information about licensure and certification requirements for each service. Include a copy of the State program certification for each certified program that your agency operates. State certification for each individual provider must be maintained on site and available for audit purposes. Residential programs require a Community Based Residential Facility (CBRF) license for each site.
3. **DRIVER'S LICENSES** - Providers of services requiring a Wisconsin Driver's License must call 608-266-2353 to acquire a Department of Motor Vehicle driving abstract. Adherence to this requirement will verify that all employees of the agency providing services through this application have a valid driver's license. (This number can be called from 6:00 a.m. to 12 Midnight, seven days per week, including holidays. Abstracts ordered before 4:30 p.m. are produced that night and mailed the next workday. Abstracts ordered on weekends, holidays or after 4:30 p.m. weeknights are produced the evening of the next workday.) Agencies are to maintain current automobile insurance verification of all drivers on file in their agency.
4. **CRIMINAL BACKGROUND CHECKS** - All agency staff that will provide direct services to clients served by AODA Services must be cleared through a State Criminal Background Check. If a staff was convicted of any crime, a copy of the criminal background check showing the conviction and the disposition must be included with the application. If the individual has been in Wisconsin for less than three years, a federal background check is required. This is a requirement for all agencies contracting with Milwaukee County. Applicant certifies that it will comply with the provisions of HFS 12, Wis. Admin. Code State of Wisconsin Caregiver Program (online at <http://www.legis.state.wi.us/rsb/code/index.html>). Provider further certifies that it will comply with the provisions of the Milwaukee County Resolution entitled "Provisions of Resolution Requiring Background Checks on Department of Human Services Contract Agency Employees Providing Direct Care and Services to Children and Youth." Provider applicants must sign and

return the Certification Statement found on page 26 of this application as verification that they are in compliance with the Resolution. In addition, prospective providers must be in compliance with the Wisconsin Caregiver Program.

5. **REFERRALS** – Because clients choose their own providers from the network, Milwaukee County will not guarantee a specific volume of referrals for any provider in the AODA Services Provider Network. Marketing of services is the sole responsibility of the Provider.
6. **RATES FOR SERVICES** – For most network services, a unit rate has been established for the service. All programs served in the AODA Services Provider Network pay vendors based on the vendor's actual invoice. Rates for services submitted and approved will be in effect this calendar year and/or until amended and approved by BHD.

Clinical treatment providers of day treatment, intensive outpatient and outpatient services are allowed to bill up to 1 hour of additional units of service to cover completion of the clinical assessment (in accordance with HFS 75) during the first appointment with the client. In addition, these same providers are allowed to bill up to 1 hour of additional units of service to cover the time spent attending Recovery Support Team meetings (See Item 12, below).

7. **PRIOR AUTHORIZATION** – After a client has made an informed choice of service provider, the Central Intake Unit staff or Recovery Support Coordinator (RSC) will submit an authorization request to BHD for approval. This is called an initial request. If the request is supported by the information in the comprehensive screen completed by the CIU or the Single Coordinated Care Plan completed by the RSC and if resources are available, BHD will approve the request, thus creating a prior authorization. Authorizations will be for a particular service or group of services and a specific number of units and time period. As units are used up, providers are required to work with a client's Recovery Support Coordinator and in compliance with the rules of HFS 75 to determine when to submit a request for additional units or time or a change in level of care. BHD will approve or deny these re-authorization requests using the same criteria as for initial requests.
8. **BILLING** – Providers receive Service Capture Worksheets from BHD each week. These worksheets contain a list of each provider's clients and the authorized units for that client. Providers will be required to record detailed service information on the worksheets and return them to BHD. Providers may only provide and bill for those services that have been prior authorized. In order to receive payment, providers must submit their Service Capture Worksheets to BHD within the timelines prescribed by BHD. Checks will be cut each week to reimburse providers for services reported for the previous week. Failure to report all services within thirty days of the date the service was rendered will result in non-payment.
9. **DISCHARGE** – When a client leaves a provider's service, whether it is a planned or unplanned discharge, provider agencies will be responsible for timely reporting of service completion information (date, reason for closure and level of improvement) within one business day of discharge to BHD and the client's Recovery Support Coordinator.
10. **AUDITING** – Participation in the AODA Services Provider Network constitutes the provider's approval to allow authorized representatives of the Milwaukee County Health and Human Services Department to have access to all records necessary to confirm the provision of services by the provider in accordance with audit procedures.
11. **DEBARMENT** – If your agency has been debarred by any Court or governmental agency, you must disclose the circumstances in writing as part of your application. Failure to disclose may lead to removal from the Network.

12. COORDINATION OF SERVICES – All providers of services are required to coordinate the care of each of their AODA clients with other providers of care to the client. As such, each provider shall cooperate with the efforts of each client’s Recovery Support Coordinator to coordinate the delivery of the services contained in the Single Coordinated Care Plan (SCCP). Collaboration includes membership on the client’s Recovery Support Team and attendance at Team meetings, as needed. The Recovery Support Team consists of both formal and informal/natural supports. Formal supports include representatives from each system with which the client and family are involved (e.g., criminal justice, child welfare, W-2, AODA treatment, mental health, etc.), as well as each of the client’s recovery support service providers. Examples of informal/natural supports include relatives, friends, neighbors, clergy, congregation members, etc. The purpose of the team is to assist the client to develop and achieve the goals of the SCCP, which incorporates all the goals of the client as well as the requirements, resources and contributions of each Team member. Failure to comply with this section may result in removal of the provider from the Wiser Choice Provider Network.

13. MAXIMIZATION OF FUNDING RESOURCES - Providers are expected to maximize the procurement of other (non-BHD) billable sources (e.g., Medicaid, private insurance, other publicly-funded systems) that fund services they provide to AODA clients.

14. CONFIDENTIALITY/PRIVACY - The provider agency and its staff must have a thorough understanding of and policies/procedures to comply with Wisconsin Patient Rights and Confidentiality regulations in Wisconsin Administrative Code HFS 92, the Code of Federal Regulations, 42 CFR, Part 2, Confidentiality of Alcohol and Drug Abuse Patient Records, and the Privacy and Security Rules of the federal Health Insurance Portability and Accountability Act (HIPAA).

15. NONDISCRIMINATION IN DELIVERY OF SERVICES

Pursuant to Title VI of the Federal Civil Rights Act of 1964

No eligible client shall be denied any services enumerated in this agreement or be subjected to discrimination because of race, national origin, or color, under any program to which Title VI of the Civil Rights Act of 1964 applies.

Pursuant to Section 504 of the Federal Rehabilitation Act of 1973 (Handicapped)

No otherwise qualified handicapped individual shall solely by reason of his handicap, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program receiving federal or county financial assistance.

16. CIVIL RIGHTS COMPLIANCE PLAN - Consistent with the requirements of the U. S. Department of Health and Human Services and the State of Wisconsin Department of Workforce Development (DWD) and the Department of Health and Family Services (DHFS), all for-profit and non-profit entities applying for funding are required to complete and submit a copy of a CIVIL RIGHTS COMPLIANCE PLAN (CRCP) to include Affirmative Action, Equal Opportunity, and Limited English Proficiency (LEP) Plans. This applies to agencies and organizations that have 25 or more employees, or do \$25,000 or more worth of business with Milwaukee County. Any agency or organization that is required to file a CRCP with the DWD or the DHFS in 2005 must submit a copy of the same plan to the Milwaukee County Department of Health and Human Services (DHHS). All other agencies and organizations are required to file a “Letter of Assurance” with the DHHS.

Agencies and organizations that file the State forms listed below are required to submit copies of those forms to the Milwaukee County Department of Health and Human Services as part of their application for funding.

- Form DOA 3607, Affirmative Action Eligibility by Federal Employer Identification Number or Social Security Number;
- Form DOA 3024, Affirmative Action Request for Exemption (from filing Form DOA 3607);
- Form DOA 3023, Vendor Subcontractor List (for qualified subcontractors that meet Equal Opportunity thresholds).

(For instructions and information to obtain forms, please refer to the Civil Rights Compliance Plan Booklet included in Exhibit E – for questions, please call Jeff Aikin at 289-6055).

17. LIVING WAGE - Milwaukee County requires Purchase of Service contractors to pay at least a **Living Wage of \$7.88 per hour** to all full-time skilled and unskilled workers employed in any work performed as part of a Milwaukee County purchase contract.

18. QUALITY ASSURANCE - Quality Assurance activities ensure the appropriate expenditures of public funds and the provision of quality services. Quality Assurance activities may include, but are not limited to: compliance with all BHD requirements related to billing reports, treatment delivery, certification/licensure requirements, and all issued policies/procedures.

Performance Review Process for AODA System Providers

Currently, the AODA system's Quality Assurance protocol requires random audits of all program areas by the Quality Assurance staff. Agencies and services are reviewed by established audit criteria. Copies of these criteria are available upon request. The contact person is Jena Scherer, 257-7331.

It is anticipated that a Performance Review Process similar to that of the Adult Mental Health System will be developed for the AODA system in 2006. Having a jointly developed plan will enable the Behavioral Health Division to implement comparable Performance Review Processes for both the Mental Health and the AODA systems. The Behavioral Health Division Performance Review process currently employed for the Adult Mental Health system integrates administrative and program monitoring activities within the Community Services Branch to provide formal, consistent feedback to programs. The review consists of a two-tier process including evaluation of both process and program outcomes:

1. Process outcome evaluation is achieved by measuring process indicators within an agency report card. This report card includes quarterly monitors along with random onsite agency audits by the audit team. Verbal feedback from this audit is provided to the agency onsite. Each agency will also be required to do a random self-audit report and report the findings to BHD.
2. Program outcomes are measured for each program. Current evaluation criteria available by request.

19. INFORMATION SYSTEM REQUIREMENTS

Data Requirements. The selected provider will be required to comply with the Behavioral Health Division's (BHD) Management Information System data needs. This data includes, but is not limited to, service data, agency financial data, and performance measurement data. The provider will have the sufficient technological capacity to adapt agency data systems as necessary to accommodate any and all changes to data reporting requirements as required by BHD. Should modifications to these requirements be necessary, the provider will comply within 90 days of written notification. Failure to comply with required reporting requirements will result in withholding of payment. The provider will be required to report all necessary information in a timely manner consistent with the needs of BHD.

Hardware, Software and Procedural Requirements. The applicant agency must have email capability. In the future, when BHD requires provider agencies to access BHD's information system via the Internet to report services, providers will need to meet the minimum computer hardware and software standards as specified by both the BHD and the Milwaukee County Information Management Services Division. At present, these specifications require that all personal computer equipment should be at least a Pentium III 550 MHz processor with the following: 128 MB of memory; a CD-ROM drive or access to a network CD-ROM for installation; a minimum of 300 MB of free disk space for installation and working space during processing; 800 x 600 SVGA display with 256 colors and 16MB of video RAM; Parallel port, TCP/IP Ethernet connection of 10BT; at least a 14" color monitor capable of SVGA display; Windows 2000 Professional or Windows XP Professional; Microsoft Internet Explorer 6.0 or higher. The agency will also be required to make broadband access to the Internet available to staff members as necessary and to obtain communication software necessary, i.e., FTP, to access BHD's primary information system.

PART II:

***APPLICATION AND
INSTRUCTIONS***

APPLICATION INSTRUCTIONS

1. **APPLICATION PROCESS** - All applications must be completed entirely. Incomplete applications will be returned. First time new provider applicants are subject to a site inspection. Agency directors or their designee will be required to attend a Fiscal and Procedural Orientation for New Providers within one month of being approved for the Network. No services may be provided by an agency without the written approval of BHD or Central Intake Unit staff. Agencies providing services without such approval will not be paid.
2. **SERVICES & DIRECT SERVICE PROVIDERS** – List all services to be provided by service code under “Requested Contracted Services” on the Provider Application (See Exhibit A – Recovery Support Services.)
3. **EXHIBITS** - Please consult the following Exhibits when completing the application:
 - EXHIBIT A **Service Description List** – Describes Network services, along with service code number, rate and billing unit.
 - EXHIBIT B **Licensure/Certification Requirements** – Use this table, in conjunction with Exhibit A, to determine the appropriate credentials to be submitted along with the application.
 - EXHIBIT C **Level of Care Definitions** – Describes AODA clinical treatment levels of care and HFS 75 requirements for certification.
 - EXHIBIT D **Equal Employment Opportunity Requirements and Forms** – Complete the forms included in this exhibit and attach them to the application.
 - EXHIBIT E **Civil Rights Compliance Plan** – Refer to this exhibit when documenting the required civil rights compliance plan.
4. Applicants must submit an original plus three (3) copies of the completed application.
5. Applications submitted by an agency become the property of Milwaukee County upon submission. For agencies awarded an agreement, the application material submitted is placed in an agency master file; it becomes part of the agreement with the Milwaukee County Department of Health and Human Services. Application material becomes public information and is subject to the open records law only after the application process is completed and an agreement is fully executed. Prior to the granting of agreements and their full execution, the application material is considered as "draft" and is not subject to the open records law. Applications that are not approved will be discarded.

Ancillary Services (continued)

Service Description	Service Code	Rate	Unit
Recovery House		\$45	Day
<p>Recovery Houses provide a safe, clean and sober environment for adults with substance abuse disorders or co-occurring substance abuse and mental health disorders. Individuals living in a Recovery House are required to be engaged in an outpatient or day treatment level of care. Outpatient and day treatment providers may not provide concurrent Recovery House services to individuals enrolled in their clinical program; however, they may provide Recovery House services to individuals receiving clinical treatment from a different provider. The anticipated length of stay in Recovery House is anticipated to be of relatively short duration as the individual reintegrates into the community, consistent with the goals identified in their Single Coordinated Care Plan (SCCP). Recovery House is staffed 24 hours a day by salaried paraprofessional staff (staff employees are paid by salaries and not by stipend and are not peer mentors). Recovery House is a structured recovery environment that provides sufficient stability to prevent or minimize relapse or continued use and continued problem potential. Recovery House is intended to assist the individual to integrate relapse prevention and recovery skills to achieve autonomy, including gainful employment and independent living in the community. Individuals are expected to participate in vocational/educational services as identified in their SCCP while living in a Recovery House. Services on-site emphasize individual and group living skills promoted through the use of community or house meetings of residents and staff, as well as services required by HFS 83, including room and board and medication monitoring. Mutual/self-help meetings may be available on-site. Recovery House plus an outpatient level of care approximate an ASAM Level III.1 residential service. Recovery House coupled with a day treatment level of care approximates an ASAM Level III.5 residential service. Recovery Houses are required to be licensed under HFS 83 as a community based residential facility (CBRF), and are expected to comply with local zoning regulations. Applications must include current CBRF license, staff schedule showing 24-hour coverage, and a schedule supporting a structured recovery environment, as well as daily assignment listing for residents and house rules supporting a recovery milieu.</p>

Co-Occurring Biomedically Enhanced Residential Treatment Service		\$180.00	Day

Co-Occurring Biomedically Enhanced Residential Treatment Service is equivalent to ASAM Level III.7 Dually Diagnosed Capable Medically Monitored Intensive Inpatient Treatment. It is a residential service that provides a planned regimen of 24-hour professionally directed evaluation, observation, medical monitoring and addiction/co-occurring treatment in an inpatient-type setting. It is appropriate for patients whose subacute biomedical and emotional, behavioral or cognitive problems are so severe that they require inpatient treatment, but who do not need the full resources of an acute care general hospital or a psychiatric hospital. The services of this program are designed to meet the needs of patients who have functional deficits in Dimensions 2 and 3 of the ASAM PPC-2R. For example, Dimension 2 problems could include such comorbid medical problems as poorly controlled hypertension or diabetes or a co-occurring chronic pain disorder that interferes with the patient's ability to engage in a recovery program. Dimension 3 problems would include either a diagnosable comorbid DSM-IV Axis I disorder or symptoms of such a disorder that are subthreshold of diagnostic criteria, but interfere or distract from recovery efforts (for example, anxiety or hypomanic behavior), and thus require the availability of 24-hour nursing and medical interventions. The care is delivered by an interdisciplinary staff of appropriately credentialed treatment professionals, including a physician who is a board certified or eligible Addictionologist. Treatment is specific to substance-related disorders, but the skills of the interdisciplinary team and the availability of support services also can accommodate conjoint treatment of co-occurring subacute biomedical and/or emotional, behavioral or cognitive conditions. Individuals who have a greater severity of illness in Dimensions 2 and/or 3 require use of more intensive staffing patterns and support services.

The service is required to be certified under HFS 75.11, and comply with the service description for an ASAM Level III.7 dually diagnosed capable program. This includes, but is not limited to, the following: A physician is available to assess the patient in person within 24 hours of admission and thereafter as medically necessary. Psychiatric services are available through consultation or referral. Such services are available within 8 hours by telephone or 24 hours in person. The facility is staffed 24 hours a day by nursing personnel. A registered nurse conducts an alcohol or other drug-focused nursing assessment at the time of admission. An appropriately credentialed and licensed nurse is responsible for monitoring the patient's progress and for medication administration. Clinical staff are knowledgeable about the biological and psychosocial dimensions of substance dependence and mental disorders and have specialized training in behavior management techniques, and treatment includes clinical and didactic motivational enhancement strategies that are appropriate to the patient's stage of readiness to change.

EXHIBIT A: Recovery Support Services

Clinical Services (continued)

The rate is inclusive of medications to stabilize the biomedical and/or co-occurring disorders, and the provider must coordinate benefit eligibility to continue medication funding post-discharge. Providers are encouraged to develop a formulary and access insurance benefits for medications, and are required to initiate General Assistance Medical Program (GAMP) applications on behalf of patients who lack insurance through coordination of the patient's assigned Recovery Support Coordinator, if applicable. The length of stay is contingent on stabilizing the patient's biomedical and/or co-occurring disorders so that the patient can participate in treatment at a lower level of care, but is anticipated to be of a short-term duration. Applications must include current HFS 75.11 license, staffing schedule, and individual/group schedules for patients.

Exhibit C: AODA Levels of Care

Placement Decisions. The Central Intake Unit performs a comprehensive screening for AODA clinical and ancillary recovery support needs in order to determine if there is a need for AODA treatment and if so, the most appropriate level of care. In addition, other services that may be needed to support recovery are identified.

Milwaukee Level of Care	Description of LOC
Outpatient	Outpatient is a non-residential treatment service totaling less than 12 hours of counseling per patient per week, which provides a variety of evaluation, diagnostic, crisis and treatment services relating to substance abuse to ameliorate negative symptoms and restore effective functioning. Services include individual counseling and intervention and may include group and family therapy and referral to non-substance abuse services that may occur over an extended period. Must be certified as a HFS 75.13 outpatient provider.
Intensive Outpatient	An intensive outpatient program is a planned and organized service in which addiction professionals and clinicians provide several AODA treatment service components to clients. Treatment consists of regularly scheduled sessions within a structured program, with a minimum of 9 treatment hours per week. Examples include day or evening programs in which patients attend a full spectrum of treatment programming but live at home or in special residences. Must be certified as a HFS 75.13 outpatient provider.
Day Treatment	<p>Day treatment is a medically monitored, and non-residential substance abuse treatment service which consists of regularly scheduled sessions of various modalities, such as individual and group counseling and case management, provided under the supervision of a physician. Services are provided in a scheduled number of sessions per day and week, with each patient receiving a minimum of 12 hours of counseling per week. Must be certified as a HFS 75.12 day treatment service provider.</p> <p>ORGANIZATIONAL REQUIREMENTS. A day treatment service may be a stand-alone service or may be co-located in a facility that includes other services.</p>
Transitional Residential	A transitional residential treatment is a clinically supervised, peer-supported therapeutic environment with clinical involvement. The service provides substance abuse treatment in the form of counseling for 3 to 11 hours per patient per week, immediate access to peer support through the environment and intensive case management which may include direct education and monitoring in the areas of personal health and hygiene, community socialization, job readiness, problem resolution counseling, housekeeping and financial planning. Must be certified as a HFS 75.14 transitional residential treatment service provider.

ORGANIZATIONAL REQUIREMENTS. Before operating or expanding a transitional residential treatment service, a facility shall be approved under ch. HFS 124 as a hospital, licensed under ch. HFS 83 as a community-based residential facility, certified under ch. HFS 82 or licensed under ch. HFS 88 as an adult family home.

Medically Monitored
Residential

Medically monitored residential treatment operates as a 24-hour, community-based service providing observation, monitoring and treatment by a multidisciplinary team under supervision of a physician, with a minimum of 12 hours of counseling provided per week for each patient. Must be certified as a HFS 75.11 medically monitored residential treatment service provider.

Methadone

A narcotic treatment service for opiate addiction provides for the management and rehabilitation of selected narcotic addicts through the use of methadone and a broad range of medical and psychological services, substance abuse counseling and social services. Methadone, an FDA-approved narcotic, is used to prevent the onset of withdrawal symptoms for 24 hours or more, reduce or eliminate drug hunger or craving and block the euphoric effects of any illicitly self-administered narcotics while the patient is undergoing rehabilitation.

ACTION - Sign and post copies on bulletin boards in each facility.

- E. **EQUAL EMPLOYMENT OPPORTUNITY CERTIFICATE:** Applicable to all agencies.

ACTION - Post one in each facility.

- F. **EQUAL OPPORTUNITY CLAUSES:** Attached are the equal opportunity clauses by which all contract agencies must abide.

EQUAL OPPORTUNITY CLAUSES

AFFIRMATIVE ACTION IN EMPLOYMENT

A. Pursuant to Executive Order 11246, CFR Title 41, Chapter 60

During the performance of this contract, the contractor agrees as follows:

1. The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, national origin or age. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to the above-named characteristics. Such action shall include, but not be limited to the following: employment, upgrading, demotion, or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms compensation, and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the contracting officer setting forth the provisions of this nondiscrimination clause.
2. The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to the above-named characteristics.
3. The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided by the agency contracting officer, advising the labor union or worker's representative of the contractor's commitments under section 202 of Executive Order 11246 of September 24, 1965, and/or County Ordinances Section 56.17 (1c) and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
4. The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor, and/or County Ordinances Section 56.17 (1c).
5. The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by the rules, regulations and orders of the Secretary of Labor, and/or County Ordinances Section 56.17 (1c) and will permit access to his books, records, and accounts by the contracting agency and the Milwaukee County Contract Compliance Program Auditor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

6. In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of such rules, regulations, or orders, this contract may be cancelled, terminated or suspended in whole or in part and the contractor may be declared ineligible for further County contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and/or County Ordinances Section 56.17 and such other sanctions as may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulations, or order of the Secretary of Labor, and/or County Ordinance Section 56.17.
7. The contractor will include the provisions of paragraphs 1 through 7 in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Section 204 of Executive Order 11246 of September 24, 1965, and/or County Ordinance Section 56.17 (1c) so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as may be directed by the Secretary of Labor or the County Contracting Official as a means of enforcing such provisions including sanctions for noncompliance.

B. Pursuant to Section 503 or the Rehabilitation Act of 1973 (Handicapped Workers)

1. The contractor will not discriminate against any employee or applicant for employment because of physical or mental handicap in regard to any position for which the employee or applicant for employment is qualified. The contractor agrees to take affirmative action to employ, advance in employment or otherwise treat qualified handicapped individuals without discrimination based upon their physical or mental handicap in all employment practices such as the following: employment, upgrading, demotion or transfer, recruitment, advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship.
2. The contractor agrees to comply with the rules, regulations, and relevant orders of the Secretary of Labor issued pursuant to the Rehabilitation Act of 1973 and/or County Ordinances Section 56.17 (1c).
3. In the event of the contractor's noncompliance with the requirements of this clause, actions for noncompliance may be taken in accordance with the rules, regulations, and relevant orders of the Secretary of Labor issued pursuant to the Act and/or County Ordinances Section 56.17 (1c).
4. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices in a form to be prescribed by the Director, provided by or through the contracting officer. Such notices shall state the contractor's obligation under the law to take affirmative action to employ and advance in employment qualified handicapped employees and applicants for employment, and the rights of applicants and employees.
5. The contractor will notify each labor union or representative of worker with which it has a collective bargaining agreement or other contract

understanding, that the contractor is bound by the terms of Section 503 of the Rehabilitation Act of 1974, and/or County Ordinances Section 56.17 (1c) and is committed to take affirmative action to employ and advance in employment physically and mentally handicapped individuals.

6. The contractor will include the provisions of this clause in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary issued pursuant to action 503 of the Act, and/or County Ordinances Section 56.17 (1c), so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the Director of the Office of Federal Contract Compliance Programs and the Milwaukee County Contracting Official may direct to enforce such provisions, including action for noncompliance.

**YEAR 2005 EQUAL EMPLOYMENT OPPORTUNITY CERTIFICATE
FOR MILWAUKEE COUNTY CONTRACTS**

In accordance with Section 56.17 of the Milwaukee County General Ordinances and Title 41 of the Code of Federal Regulations, Chapter 60, SELLER or SUCCESSFUL BIDDER or CONTRACTOR or LESSEE or (Other-specify).(Hence forth referred to as VENDOR) certifies to Milwaukee County as to the following and agrees that the terms of this certificate are hereby incorporated by reference into any contract awarded.

Non-Discrimination

VENDOR certifies that it will not discriminate against any employee or applicant for employment because of race, color, national origin, sex, age or handicap which includes but is not limited to the following: employment, upgrading, demotion or transfer, recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training including apprenticeship.

VENDOR will post in conspicuous places, available to its employees, notices to be provided by the County setting forth the provision of the non-discriminatory clause.

A violation of this provision shall be sufficient cause for the County to terminate the contract without liability for the uncompleted portion or for any materials or services purchased or paid for by the contractor for use in completing the contract.

Affirmative Action Program

VENDOR certifies that it will strive to implement the principles of equal employment opportunity through an effective affirmative action program, which shall have as its objective to increase the utilization of women, minorities, and handicapped persons and other protected groups, at all levels of employment in all divisions of the seller's work force, where these groups may have been previously under-utilized and under-represented.

EXHIBIT E: CIVIL RIGHTS COMPLIANCE PLAN REQUIREMENTS AND REFERENCES

The purpose of this Civil Rights Compliance Plan (CRCP) Booklet is to explain the civil rights compliance requirements for profit and non-profit entities (agencies and organizations) wishing to file an application as part of the 2005 Milwaukee County Department of Health and Human Services (DHHS) Request For Proposal (RFP) process. These requirements relate to Equal Opportunity (EO), Affirmative Action (AA) and Limited English Proficiency (LEP).

Consistent with the requirements of the U. S. Department of Health and Human Services, the State of Wisconsin Department of Workforce Development (DWD) and the Department of Health and Family Services (DHFS), all for-profit and non-profit entities applying for funding are required to complete and submit a copy of a CIVIL RIGHTS COMPLIANCE PLAN (CRCP) to include Affirmative Action, Equal Opportunity, and Limited English Proficiency Plans. Entities are also required to include a Uniform Resource Locator (URL) that will provide direct access to CRCPs on the DWD or DHFS Internet Website.

In accordance with the State DWD and the DHFS under the requirements of the US Departments of Health and Human Services and Agriculture, a blank copy of the *CRCP for Profit and Non-Profit Entities* subtitled Affirmative Action, Equal Opportunity and Limited English Proficiency Plan, is available at:
http://www.dwd.state.wi.us/dws/civil_rights/cr0406/cr_plans.htm.

To access documents in a different format, please contact DWD at (608) 264-9820 or mooreel@dwd.state.wi.us. Instructions are also available. If you have questions about the form you may contact Mr. David Duran, Civil Rights Compliance Officer of the DHFS Division of Management and Technology at (608) 266-9372, TTY (608) 266-2555 or durand@dhfs.state.wi.us, or William A. "Bill" Franks, Jr., Equal Opportunity Officer, DWD Division of Workforce Solutions at (608) 266-6889 or TTY (608) 864-4585.

For entities with 25 or more employees or \$25,000 worth of business funded by DWD or DHFS, a hard copy and electronic copy have to be on file with DWD and DHFS.

A hard copy of the CRCP Plan is due with your application

The following attachments must be included with a copy of your CRCP Plan:

- **Attachment 1 - the AA policy*;**
- **Attachment 2 - up to three State Department of Administration forms related to Affirmative Action as required;**
- **Attachment 3 – the EO policy**

***Note:** The Wisconsin Office of Contract Compliance maintains a database that shows which entities have eligible and ineligible AA information on file.

Effective January 1, 2005 entities under a contract or agreement with the DHHS will be subject to audit for any and all items included in the Plan or attachments and/or a Letter of Assurance. The *Milwaukee County Department of Health and Human Services Administrative Probation Policy for Noncompliance with Contract and Fee-for-Service Requirements* is incorporated herein by reference and made a part of any contractual relationship with the DHHS. Entities that are not in compliance with the requirements of the CRCP Plan will be subject to the sanctions of the above policy.

It is the intention of the State Civil Rights Compliance Officer to post CRCP Plan acceptances and rejections on the DHFS and DWD websites later in the year. Please see the Plan instructions or contact the above noted State officials if you have any questions about the Plan itself. Some critical points of information are noted below.

1. Specify the funding source(s) of programs and services in the CRCP Plan related to your application.
2. Entities are required to disseminate AA/EO/LEP policies as listed in their Plan.
3. Entities are required to measure the LEP 5% Safe Harbors and thresholds reflected in the 2004 or January-June 2005 CRCP Plan with DHHS or a 2006 estimate if your agency did not have a contract in 2004 or 2005. The information must include the number and the percentage of disabled clients and persons who required, and were provided, translation services.
4. The DHHS is acting as equal opportunity (EO) and LEP liaison between the entity (contractor/provider), DWD or DHFS, and recipients or sub-recipients of federal financial participation as well as the community.
5. Entities are required to use the DWD/DHFS model discrimination Complaint Forms and Process, which is provided in Attachment 5 of this plan or Attachment 3 in the municipal version, including the translations required in accordance with the LEP Plan for vital documents.
6. The complaint resolution procedure, including the name, address and phone number of the complaint investigator, must be publicly posted in language(s) understood by customers, and must be in a format(s) accessible to persons with visual or hearing impairments.
7. All participants in complaint investigations are protected from retaliation.
8. Entities are required to acknowledge complaints received within 5 calendar days, including appeal rights. If extensions are needed, entities shall notify the complainant.
9. Entities are required to provide results of the complaint investigation to the complainant within 90 days of receipt of the complaint along with appropriate appeal rights.
10. Complaints must be filed within 180 days from the alleged discriminatory act, though filing times may be extended if deemed necessary by the DHHS.
11. Customers are permitted to have representatives of their choice during the complaint process.
12. Customer and Employee complainants are made aware of other avenues of redress for discrimination in service delivery or employment conditions.
13. Entities are required to maintain records of the service delivery and employment evaluation practices and process and make those records available to monitoring/audit staff.

14. Entities are required to review and summarize data on customers served within programs, services or activities.
15. Entities are required to assess representation by members of protected classes for boards, councils, volunteers and sub-grantees.
16. Entities are required to maintain files and reports of all complaints by name, address, date, nature, and investigation status.
17. Entities are required to utilize the DWD/DHFS model LEP Policy that is provided in Attachment 4 of the CRCP Plan, or Attachment 2 of the municipal plan, including the translations as required in accordance with the LEP Plan for vital documents.
18. Policies must be available in alternative formats upon request.
19. Entities are required to implement procedures for the resolution of complaints regarding language assistance.
20. Entities are required to utilize EO discrimination complaint grievance procedures for alleged discrimination complaints and/or grievances involving language access.
21. Entities falling beneath the funding or employment criteria mentioned above are required to sign and return Attachment 6 of the CRCP Plan, or Attachment 4 of the municipal plan - the DWD and DHFS Letter of Assurance for Civil Rights Compliance.
22. Entities are required to retain LEP information as part of their database.
23. Entities are required to develop and maintain subcontracts in accordance with DWD and DHFS contract requirements.
24. Subcontractors are required to incorporate State AA/EO/LEP language into subcontracts.
25. Entities are required to review and approve subcontractors' plans in accordance with the requirements of subcontract time periods, and monitor subcontractor compliance.
26. Entities are required to investigate all employee, subcontractor, applicant and participant CRCP Plan complaints.
27. Entities are required to provide training, tools and technical assistance to subcontractors.

Dear Vendor:

The Internal Revenue Service requires us to submit informational returns for certain types of payments to vendors. In order to comply with the IRS regulations and to avoid any penalties, we will need the following information for our files. Failure to provide this information will result in back-up withholding.

If you are providing a federal identification number, you must provide the legal name assigned to that number. If you provide a social security number, you must also provide your individual name, not just the name of your business. The name and the Tax ID number must match what is on record at the IRS.

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on Line 1 to avoid backup withholding. For individuals, this is your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN* on page 3.

Note. If the account is in more than one name, see the chart on page 4 for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and
3. I am a U.S. person (including a U.S. resident alien).

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the Certification, but you must provide your correct TIN. (See the instructions on page 4.)

Purpose of Form

A person who is required to file an information return with the IRS, must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

U.S. person. Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

For federal tax purposes you are considered a person if you are:

- An individual who is a citizen or resident of the United States,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States, or

- Any estate (other than a foreign estate) or trust. See Regulations sections 301.7701-6(a) and 7(a) for additional information.

Foreign person. If you are a foreign person, do not use Form W-9. Instead, use the appropriate Form W-8 (see Publication 515, Withholding of Tax on Nonresident Aliens and Foreign Entities).

Nonresident alien who becomes a resident alien.

Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the recipient has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items:

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.

4. The type and amount of income that qualifies for the exemption from tax.

5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity not subject to backup withholding, give the requester the appropriate completed Form W-8.

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS 28% of such payments (after December 31, 2002). This is called "backup withholding." Payments that may be subject to backup withholding include interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester, or
2. You do not certify your TIN when required (see the Part II instructions on page 4 for details), or
3. The IRS tells the requester that you furnished an incorrect TIN, or
4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or
5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See the instructions below and the separate Instructions for the Requester of Form W-9.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of \$50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a \$500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

Specific Instructions

Name

If you are an individual, you must generally enter the name shown on your social security card. However, if you have changed your last name, for instance, due to marriage without informing the Social Security Administration of the name change, enter your first name, the last name shown on your social security card, and your new last name.

If the account is in joint names, list first, and then circle, the name of the person or entity whose number you entered in Part I of the form.

Sole proprietor. Enter your individual name as shown on your social security card on the "Name" line. You may enter your business, trade, or "doing business as (DBA)" name on the "Business name" line.

Limited liability company (LLC). If you are a single-member LLC (including a foreign LLC with a domestic owner) that is disregarded as an entity separate from its owner under Treasury regulations section 301.7701-3, enter the owner's name on the "Name" line. Enter the LLC's name on the "Business name" line. Check the appropriate box for your filing status (sole proprietor, corporation, etc.), then check the box for "Other" and enter "LLC" in the space provided.

Other entities. Enter your business name as shown on required Federal tax documents on the "Name" line. This name should match the name shown on the charter or other legal document creating the entity. You may enter any business, trade, or DBA name on the "Business name" line.

Note. You are requested to check the appropriate box for your status (individual/sole proprietor, corporation, etc.).

Exempt From Backup Withholding

If you are exempt, enter your name as described above and check the appropriate box for your status, then check the "Exempt from backup withholding" box in the line following the business name, sign and date the form.

Generally, individuals (including sole proprietors) are not exempt from backup withholding. Corporations are exempt from backup withholding for certain payments, such as interest and dividends.

Note. If you are exempt from backup withholding, you should still complete this form to avoid possible erroneous backup withholding.

Exempt payees. Backup withholding is not required on any payments made to the following payees:

1. An organization exempt from tax under section 501(a), any IRA, or a custodial account under section 403(b)(7) if the account satisfies the requirements of section 401(f)(2),
2. The United States or any of its agencies or instrumentalities,
3. A state, the District of Columbia, a possession of the United States, or any of their political subdivisions or instrumentalities,
4. A foreign government or any of its political subdivisions, agencies, or instrumentalities, or
5. An international organization or any of its agencies or instrumentalities.

Other payees that may be exempt from backup withholding include:

6. A corporation,

7. A foreign central bank of issue,
8. A dealer in securities or commodities required to register in the United States, the District of Columbia, or a possession of the United States,
9. A futures commission merchant registered with the Commodity Futures Trading Commission,
10. A real estate investment trust,
11. An entity registered at all times during the tax year under the Investment Company Act of 1940,
12. A common trust fund operated by a bank under section 584(a),
13. A financial institution,
14. A middleman known in the investment community as a nominee or custodian, or
15. A trust exempt from tax under section 664 or described in section 4947.

The chart below shows types of payments that may be exempt from backup withholding. The chart applies to the exempt recipients listed above, 1 through 15.

IF the payment is for . . .	THEN the payment is exempt for . . .
Interest and dividend payments	All exempt recipients except for 9
Broker transactions	Exempt recipients 1 through 13. Also, a person registered under the Investment Advisers Act of 1940 who regularly acts as a broker
Barter exchange transactions and patronage dividends	Exempt recipients 1 through 5
Payments over \$600 required to be reported and direct sales over \$5,000 ¹	Generally, exempt recipients 1 through 7 ²

¹See Form 1099-MISC, Miscellaneous Income, and its instructions.

²However, the following payments made to a corporation (including gross proceeds paid to an attorney under section 6045(f), even if the attorney is a corporation) and reportable on Form 1099-MISC are not exempt from backup withholding: medical and health care payments, attorneys' fees; and payments for services paid by a Federal executive agency.

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN. However, the IRS prefers that you use your SSN.

If you are a single-owner LLC that is disregarded as an entity separate from its owner (see *Limited liability company (LLC)* on page 2), enter your SSN (or EIN, if you have one). If the LLC is a corporation, partnership, etc., enter the entity's EIN.

Note. See the chart on page 4 for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local Social Security Administration office or get this form online at www.socialsecurity.gov/online/ss-5.pdf. You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at www.irs.gov/businesses/ and clicking on Employer ID Numbers under Related Topics. You can get Forms W-7 and SS-4 from the IRS by visiting www.irs.gov or by calling 1-800-TAX-FORM (1-800-829-3676).

If you are asked to complete Form W-9 but do not have a TIN, write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note. Writing "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

Caution: A disregarded domestic entity that has a foreign owner must use the appropriate Form W-8.

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if items 1, 4, and 5 below indicate otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). Exempt recipients, see *Exempt From Backup Withholding* on page 2.

Signature requirements. Complete the certification as indicated in 1 through 5 below.

1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983. You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. You must give your correct TIN, but you do not have to sign the certification.

What Name and Number To Give the Requester

For this type of account:	Give name and SSN of:
1. Individual	The individual

¹ List first and circle the name of the person whose number you furnish. If only one person on a joint account has an SSN, that person's number must be furnished.

² Circle the minor's name and furnish the minor's SSN.

³ You must show your individual name and you may also enter your business or "DBA" name on the second name line. You may use either your SSN or EIN (if you have one). If you are a sole proprietor, IRS encourages you to use your SSN.

⁴ List first and circle the name of the legal trust, estate, or pension trust. (Do not furnish the TIN of the personal representative or trustee unless the legal entity itself is not designated in the account title.)

Note. If no name is circled when more than one name is listed, the number will be considered to be that of the first name listed.

Privacy Act Notice

Section 6109 of the Internal Revenue Code requires you to provide your correct TIN to persons who must file information returns with the IRS to report interest, dividends, and certain other income paid to you, mortgage interest you paid, the acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA, or Archer MSA or HSA. The IRS uses the numbers for identification purposes and to help verify the accuracy of your tax return. The IRS may also provide this information to the Department of Justice for civil and criminal litigation, and to cities, states, and the District of Columbia to carry out their tax laws. We may also disclose this information to other countries under a tax treaty, to federal and state agencies to enforce federal nontax criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism.

You must provide your TIN whether or not you are required to file a tax return. Payers must generally withhold 28% of taxable interest, dividend, and certain other payments to a payee who does not give a TIN to a payer. Certain penalties may also apply.
